Unternehmen Leben

Your welfare. Our business.

We help you to stay healthy and active, today, and in the future.

It is our mission to stand by our clients at all times throughout their life and to make their life the focus of our endeavours. We offer you:

- health care
- partnership
- innovation

We aim to be the best health insurance company in Germany. And we achieve that by providing the best possible health care and quality. Take a look for yourself. On the next page, we present our wide range of health care and services.

If you would like to receive further information of all health care and services available from DAK, please order our detailed brochure "Ihre Gesundheit. Unsere Leistungen" (Your health, our care). Simply send in the attached reply card for your free, no-obligation copy.

DAK health cover is the first choice for more than six million people who, as our clients, put their faith in us every day. And the German green consumer watchdog magazine ÖKO-TEST also gives our health plans an excellent rating, and awarded DAK first place among 143 health insurance companies. That's a real motivation for us to continue giving of our best for you each and every day.

DAK sees itself as a modern health enterprise. In other words, with us you can be sure of receiving health care that is not only innovative but also of exceptional quality, to keep you in good health today and in the future. We have added some extra features to our all-round package and what's special now is that you yourself can select the individual types of health care and premiums to suit your needs.
